Grain System Solutions

Nationwide, Valley View Agri-Systems delivers farm and commercial grain systems supported by design, service, parts sales and technology.

WHO WE ARE

It is our mission, at Valley View Agri-Systems (VVA), to help commercial elevators effectively manage risk, maximize efficiency, and improve quality of life by providing premium, cost-effective, and innovative solutions.

CORE VALUES

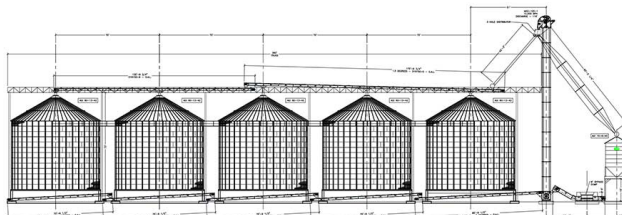

Safety: We make the overall wellbeing of our employees, their families, and our customers top priority. When we look at your project, safety is our first consideration. We build safety into our day-to-day business and always look to improve our performance. **Integrity:** We strive to keep promises, be trustworthy, have a backbone, and be reliable, as individuals and as a company. **Quality:** Our goal is to get it right the first time, on time. We want to be your trusted partner and resource now and in the future. **Service:** Decades of experience and a diverse team are here from start to finish.

OUR STRENGTHS

VVA has over 40-years in the grain storage and material handling industry. While our experience has allowed us to become the company that we are today, we are not complacent. We are committed to staying ahead of the industry curve by forging long-term relationships, using state of the art equipment and design philosophy, and pushing the technology envelope in an effort to improve our customers' bottom line and quality of life.

DESIGN

Listen. That's what we do first. We want to learn your goals, your limits, your budgets — everything that is important to you, so we can deliver the best solution to fit your needs. We design for longevity. We design to fit your service needs. We engineer efficiency for your facility and operation as a whole.

BUILD

Our core competency is building what we sell. Our crews are the best in the nation. We have build crews that travel the US. We perform the following services in these industries: Barge, Rail, Milling, Feed and Ingredient, Food Processing, Export, Fertilizer, Sand...

- 18 Dedicated Construction Crews
- In-house Project & Construction Management, Cranes, Rigging, Trucking
- Engineering, Drafting, & Design
- Millwright & Fabrication Services
- Dryer Install & Service
- Bin Monitoring Install & Service
- Concrete & Foundations
- Bin Jacking, Floor Crews, & Bin Repair

SERVICE

VVA offers complete system integration. From Design to Installation, Sales to Service, we partner with you to create the most efficient solution for your operation.

- Our availability flexes to meet our customer needs
- Service Crew Leaders average over 15 years of experience in the industry
- Our knowledge and expertise is backed by unmatched inventory

PARTS

We stock to keep your operation running. Each of our locations offers a full service parts department. Walk-in, call or request online.

- Largest parts inventory in the industry
- Experienced staff to ensure customers get what they need, when they need it
- State of the art inventory management processes
- Parts warehouses in 5 states
