Grain System Solutions

Nationwide, Valley View Agri-Systems delivers farm and commercial grain systems supported by design, service, parts sales and technology.

WHO WE ARE

It is our mission, at Valley View Agri-Systems (VVA), to help farmers and commercial elevators effectively manage risk, maximize efficiency, and improve quality of life by providing premium, cost-effective, and innovative grain system solutions.

CORE VALUES

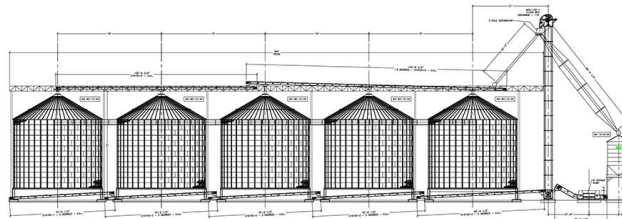

At VVA, we strive for the highest level of customer service because we realize that our customers choose to let us serve them and they can choose someone else at any time. We treat our customers and team mates with respect and courtesy. We hold ourselves accountable and realize no person or piece of equipment is perfect. We are committed to fixing problems and mistakes if they occur. We base our business on the development of long-term relationships with our team, customers, vendors, industry partners, and community.

OUR STRENGTHS

VVA has over 40-years in the grain storage and material handling industry. While our experience has allowed us to become the company that we are today, we are not complacent. We are committed to staying ahead of the industry curve by forging long-term relationships, using state of the art equipment and design philosophy, and pushing the technology envelope in an effort to improve our customers' bottom line and quality of life.

DESIGN

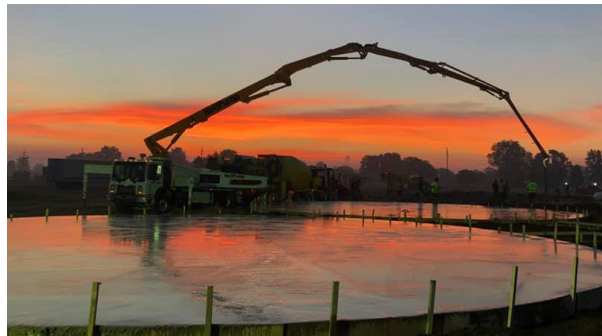

Listen. That's what we do first. We want to learn your goals, your limits, your budgets — everything that is important to you, so we can deliver the best solution to fit your needs. We design for longevity. We design to fit your service needs. We engineer efficiency for your facility.

BUILD

Our Core Competency is building what we sell! Our crews are the best in the nation. We have build crews that travel the USA.

- 18 Dedicated Construction Crews
- Dedicated In-house Project Management Staff
- Custom Fabrication Capabilities
- Farm, Commercial & Everything in Between!
- American Made

SERVICE

VVA offers complete system integration. From Design to Installation, Sales to Service, we partner with you to create the most efficient solution for your operation.

- Our hours and availability flex to meet the needs of our customers
- Service Crew Leaders average over 15 years of experience in the industry
- Our knowledge and expertise is backed by unmatched inventory

PARTS

Each of our locations offers a full service parts department. Walk-in, call or request online. Our vast inventory is sure to meet your need.

- Largest parts inventory in the industry
- Experienced staff to ensure customers get what they need, when they need it
- State of the art inventory management processes
- Parts warehouses in 5 states
